

Safety Connection K.2: Parent Information Sheet

Dear Parent or Guardian,

Your child participated in the *MBF Child Safety Matters*® program today. The program teaches children how to spot and respond to bullying, cyberbullying, child abuse, and digital dangers. It teaches that adults are responsible for children's safety, but also details ways that kids can help adults keep them safe. The Program is based on the latest research and has been reviewed and endorsed by national experts.

Below is a summary of what your child learned and some suggestions about how you can continue these safety lessons at home. As with other subjects, the more you practice with your child, the more likely they will be able to use what they have learned. For additional information and resources, visit our website at www.mbfpreventioneducation.org and download our free "Child Safety Matters" app from the App Store or Google Play.

Safety Connection K.2: Parent & Child Activity

Parent Instructions: Complete this activity with your child to further discuss what your child learned about Safety Buddies and Safe Adults. For additional information and resources, visit www.mbfpreventioneducation.org and download the "Child Safety Matters" app from the App Store or Google Play.

Who is your Safe Adult or Safety Buddy? A Safe Adult is an adult who your child feels comfortable talking to and trusting. A Safety Buddy is someone closer to your child's age (like a friend, sibling, cousin, or neighbor) who your child might find helpful when they need to talk about unsafe situations with a Safe Adult. The purpose of a Safety Buddy is to have someone to help your child talk to a Safe Adult.

Child Instructions: Using the pictures below, color yourself and a Safety Buddy or Safe Adult. Add hair and clothes...have fun! Write your name and the name of your Safety Buddy or Safe Adult. Tell your parent what you would talk to this Safe person about. Also tell your parent what you would like your Safe Adult to do if you told them about being hurt or about experiencing an unsafe situation.
