Pay to Play Fees

2021-2022

Parents,

Piqua City Schools is waiving all district 'Pay to Play' participation fees for the 2021-2022 school year. This includes all district athletics and music program participation fees as outlined below. Additional program fees may still apply and will be shared by the coach/advisor when the season begins.

Our goal is to reduce the cost of participation fees so students may have more opportunities to join extracurricular activities as we open the school year after so much disruption from the pandemic. We will reassess our ability to do this yearly and communicate to parents accordingly.

Athletic Fee Structure
