### **TRANSPORTATION RULES**

1. Students should arrive at the bus stop five minutes before departure time. The bus routes are on a very close time line and the driver must leave at the designated time.
2. Transportation for students participating in the District Open Enrollment program shall be the responsibility of the parent or guardian.
3. School bus safety is our major concern. We ask the parents stress to their children the importance of following the safety rules while riding the bus.
4. Transportation is a privilege which may be revoked for serious or repeated violations of safety rules.
5. Transportation is required to be provided from the students' residence to school. Transportation to a babysitter will depend on the availability of seating and location of the sitter and approval of the transportation supervisor.
6. Transportation is provided from the same bus stop a.m. and p.m. five days per week.
7. Parents are encouraged to send their children on the bus the first day of school when the driver explains the safety rules.
