

eSV–OV: Linking Your Children

SF Article: 000008346

These instructions are intended for districts to provide to parents after the parents have created their accounts in **OneView**. Once the parents have created an account, they will need to link their child/children to their account.

Parents will be directed to contact the district for assistance.

Linking Children to your Rapid Registration Account

- From the Portal Home page click on "**Manage My Students**"
 - This is found within "**My Account and Profile**" section to the right.
- **Link A Student To My Account** options to the right.
- **Option #1: Use An Invitation Code** – this is a district–provided student invitation code.

Link A Student To My Account

Option #1: Use An Invitation Code

If you have a district-provided student invitation code, please type it below and your student will be linked to your account for access.

Code:

Attach

- **Option #2: Provide Student Details** – If you do not have an **Invitation code**, try **Option #2 Provide Student Details**.
- You will enter the **student's required information**:
 - Last name
 - Grade level
 - Date of birth
 - Student number

Option #2: Provide Student Details

If you do not have an invitation code, please provide us with the following information about your student. If a valid match is found your student will be linked to your account.

Student Last Name:

Grade Level:

Date of Birth:

 / /

Student Number:

[I don't have this](#)

Attach

If you have not been provided with an invitation code or a student number, please contact your **student's school district** for additional assistance.

I Do Not Have a Student Number

Student numbers are assigned by your school district. If you do not have one, you will not be able to register your student using Option #2 unless you first contact the school district to obtain the correct student number for your child. This is a security measure to help ensure that only proper individuals can see their students.
